

Kelli -

There are no words to thank you for your generosity. Many of our staff have voiced distress when sending parents (who have lost a child) off knowing that they will have to pay for parking as they leave for the last time. I know you absolutely know that feeling! On a side <sup>(personal)</sup> note ~ when looking for a thank you note ~ I spotted this one with the lady bug on it. The lady bug to my friends (+ me) is a symbol of a good friend who recently passed away from a brain tumor ~ the irony is that she also had a son who was treated here as a one year old ~~with~~ neuroblastoma and unfortunately did not survive. So you see ~ your gifts to our families touch near & far! Thank you! ♥ Anna

Thanks for the donations! it is so appreciated!
